ABOUT EXCURSION2INDIA

A specialist in tailor-made South Asia

Every traveller is unique, and every itinerary should reflect their interests, pace and budget. That simple idea shapes everything we do for our partners.

Excursion2India is a specialist tour operator and destination management company for India, Nepal and Bhutan, operating since 2007. We design and deliver journeys for international tour operators, travel agents, wholesalers, travel designers and DMCs.

From the palaces of Rajasthan and the backwaters of Kerala to the Himalayas, wildlife reserves and spiritual India, we combine first-hand destination knowledge with long-standing supplier relationships, so our advice comes from experience on the ground rather than brochures.

We work as an extension of your team: you keep the client relationship, and we look after every detail of their journey from arrival to departure.
